- 7:45 NOI" DEP # 165-0276
Filed by Lee Wiesel for a proposed construction of a 28' X 38' storage barn a portion of which is in the bufferzone (BZ), but not closer than 75 feet from the resource area (BVW). An existing stonewall is located between the BVW & the proposed barn to be located at 74 Kendall Street, Granby and known as map8, B—5.9.
Received DEP comments. Standard comments for work in the Buffer Zone. Received check number 3039 for \$67.60. Presented by Kevin Brooks. Abutters proof of mailing provided. Have vegetative plots for delineation. Jeff and wenda did site inspection. Silt fence is installed. 75' between work and wetland. Existing stone wall is between wetland and barn. Previous order of conditions was issued when the house was built. No rare species or priority habitat. Complaints by the abutters Danek. Concerns on oils entering their well, noise, etc. If he degrades the wetland resource area (or the goats degrade it) he will be in violation of the wetland protection act.
Driveway to be maintained as gravel.
